

BASIS DATA COLLECTION

LOKALE SUPPORT, KEVIN HEFFERNAN – April, GGZ De Kempen

Data Collection for review of CRHT

- Number of Referrals and Source of all Referrals (monthly, daily and hourly)
- Number of Assessments and Source of all Assessments (monthly, daily and hourly)
- Number of people taken on to CRHT from each Assessment source (monthly, daily and hourly)
- Number of admissions to the Inpatient units directly from a CRHT assessment (monthly, daily and hourly)
- Number of admissions to the Inpatient units directly from the CRHT caseload (monthly, daily and hourly)
- Number of admissions to the Inpatient units in total from all sources (monthly, daily and hourly)
- Number of admissions to the Inpatient units under your mental health law (monthly, daily and hourly)

- How many males
- How many females
- Age breakdown
- Ethnicity breakdown
- Diagnosis at the point of Referral (if known!)

- Average daily caseload since going operational
- Average length of stay with the team since going operational (in days)

- How many Mental Health law assessments were carried out across each area
- How many of those were the team directly involved in

- Adult population for the team
- How many acute mental health beds for the team
- Staffing establishment in Whole Time Equivalent of the team, with a breakdown of role (i.e. nurses, social workers, OT, support workers etc)
- Shift times and on average workers per shift

Then could you send a brief account of ;

- Handover times
- Weekly Clinical review meetings (when, where, who, how long etc)
- Early discharge protocols/Ward liaison work (how does this currently work)
- Do you have an internal 'Named worker' system within the teams
- Do Clients have a regular medical review (i.e. face to face, preferably at home)
- How is your medical support organised each day i.e. 7 days a week and out of hours
- Do other health workers joint visit with the staff, do they participate in review meetings are they active in the discharge planning
- Do you have acute day care provision?
- Do you have a Crisis/respice house?
- What routine outcome measures do the teams currently use?
- Do you gather User experience surveys and Carer Surveys?

For the next couple of weeks

- Can you record how many visits each User gets each day from the team
- How long each visit
- How many staff on each visit
